

## CLARIFICATION

Dear Fellow Members and Dobermann Friends,

Unfortunately we are forced to clarify that the Special Dobermann Shows to be held in the year 2008, will only be the events announced on our site and on our activity program for the current year.

In that sense we inform that, the announcement of a Special Dobermann Show at Viana do Castelo, is completely false.

The Portuguese Dobermann Association has not only not authorised this event but also informed, since last February, the organisation comitee, through Mr Antero Filgueiras, of our refusal.

We regret this rude mistake and the involmente of the name of our breed in this profound error of miss-information to which we have given no contribution.

We regret even more that until the present date, the distinct organisation comitee, has done nothing to correct this error, trying to arrogantly impose their will.

In that sense we inform, at first hand, that as long as the present Board of Administration of the Portuguese Dobermann Association is in office, there will be no space nor possibility of any initiatives with any organization comitties that have Mr. Antero Filgueiras as an active member.

We recall that only the information present on our site at [www.dobermann.pt](http://www.dobermann.pt) , the unique veicule of information of the Portuguese Dobermann Association, should be considered.

Hopping for an active participation in our events to take place, we send you all our,

Kindest Regards.

For the Board of Administration of ADP  
Paulo Santos.
